Two good ball games today in Akron in which much interest is being taken, go far to show that the game is still a big favorite here. Although Akron did not support a professional team, her amateurs are watched and the progress of the game followed with an interest that shows that the wreck which professionalism made of the sport did not extend to Akron. Baseball has been more popular this year than it was last and the rest it has received during the last few years has evidently given it a fresh hold on the affections of sport-lovers.

Advertisement for Kodol Dyspepsia Cure. Text: 'When the stomach is diseased all the other organs suffer, hence fatal diseases of the heart, liver, lungs and kidneys are often the result of improper digestion. KODOL DYSPEPSIA CURE contains all the natural digestive fluids and by digesting what you eat, it cures the indigestion without aid from the stomach, allowing it to rest and regain its healthy condition and permitting you to eat all the good food you want. My rest is often disturbed at night by irregular heart action which I believe is on account of my stomach being overloaded with undigested food. I keep a bottle of Kodol Dyspepsia Cure nearby and a small dose always gives me instant relief. Ed. Thomas, Leitchfield, Ky.' It can't help but do you good. Prepared by W. C. DeWitt & Co., Chicago. The 81 bottle contains 2 1/2 times the 50c size. The favorite household remedy for coughs, colds, croup, bronchitis, grippe, throat and lung troubles is ONE MINUTE COUGH CURE. It cures quickly. WM. of its players for next season. The first official announcement of this fact was made today by President Barney Dreyfuss, in answer to the Philadelphia claim that Beaumont, Leever, and Wagner have been captured by the American League for next year. President Dreyfuss substantiated his statement by exhibiting the signed contracts of the players, and in addition showed a personal agreement with each man for next year.

BIG ONES MEET. New York, Aug. 24.—Bobby Walthour, Will C. Stinson and Jimmy Michael will meet tomorrow at Manhattan Beach bicycle track. Michael has beaten Stinson, Stinson has beaten Walthour and Elkes, while Walthour has beaten Elkes twice.

AFTER RECORDS, TOO. Joe Patschen, who was to go against the world's record for the half mile at the Goshen N. Y. track, Friday, was prevented by the rain which made the track too heavy for the trial.

CRESCENTS AGAIN. At Providence next Friday Crescents will try to reduce his record of 2:02 1/2.

GOLFERS' TROUBLES. Akron golfers have many privileges in the following of the sport that are denied their brethren in cities where golf devotees are more numerous and where there is danger of confusing the property of one player for that of another. When a number of players are on the links and the place is more or less crowded the ball of one golfer is sometimes mistaken for that of another. Players in the links where this is likely to happen are compelled to have with them by the new rules of the game, what answers for a flagman. The latter must dress in a scarlet coat and go on before, to a sufficient distance to give warning of the player's approach.

PITTSBURG AT SILVER LAKE. The Pittsburgh and Western railway employes, out of the Pittsburgh shops will come to Silver Lake today and hold their annual picnic. It is expected that an enormous crowd will take advantage of the rate. The time consumed by the railroad trip will prevent any possibility of an attempt at a program of sports.

CURIOUS INVITATION. What might be construed by suspicious members of the Kent and South End teams to be an insinuation, and has been figured out by others to be an open confession of past iniquity is contained in the invitations issued by the management of the Webster, Camp & Lane team for the game to be played between themselves and the Kirkwoods this afternoon at Summit Lake park. The invitations advise the game and end with this parting shot: "Come out and see a good clean game which has not been fixed before the players go on the field."

WILL IT BE FIXED. Eastern sporting papers comment on the peacefulness of the conditions under which the fight between Ruhlman and Jeffries was made as very significant. It has always been the custom of a champion to make the conditions as hard as possible for the younger fighter, who wants to try conclusions with him. The absence of this feature from the preliminaries of the Ruhlman-Jeffries fight is what makes the sporting public suspicious.

The fact that Jeffries will get 65 per cent of the money win or lose may have something to do with his seeming content. Then it may be that he does not regard Ruhlman as a hard proposition and is confident of whipping him any way. However it may be the cry of "fake" is already being raised and sporting men look askance at the arrangements for the fight.

NATIONAL LEAGUE AFFAIRS. National League officials do not look forward to any marked changes in the league next season. It is expected that the same cities will be represented, that the clubs will make money and that the existence of the league in 1902 will be a dream of prosperity and absence of trouble. Ned Hanlon, manager of the Brooklyn club tells of the money the league has made this season and says that Cincinnati and Boston were the only cities where the game was not a big financial success.

CHANCE FOR SHARKEY. Jeffries binds himself not to fight more than four rounds previous to his championship with Ruhlman in December. Sharkey might get on a match with the boilermaker for the four rounds championship.

POLICE MATERIAL. Baseball players with pasts often enter the police departments of various cities when their best days in the base ball line are over. Every large city in the country and many of the smaller one have ex-base ball players and other professional athletes in the ranks of their preservers of the peace. In Akron, also is the very rare spectacle of an ex-base ball man who is treasurer of the county.

Mr. Homer Berger was a player of ability for many years and made quite a name for himself in that field before he got into the court house and into politics. Charles Pike needs no introduction to the base ball public. Yet he swings the policeman's baton and travels his beat as if he had done nothing else in all his life.

Ed. Russell, the operator at the fire station was a base ball player of prominence and still indulges in his favorite sport occasionally. Baseball players fit well into a great many trades and professions as has been shown here in Akron, and the great number of amateur players who hold responsible positions carries out the truth of the assertion.

MARKSMEN Have Gone to Northfield For Rifle Practice.

MOTHERHOOD

Is a natural instinct which shows itself in the girl as soon as she is big enough to play the mother to her doll. Unfortunately the womanly health does not always keep pace with the motherly instinct, and when real motherhood comes it often comes to mothers who suffer intolerably during maternity and who are unable to nurse the weeping child which frets and moans in their arms.

Motherhood is prepared for and provided for by the use of Dr. Pierce's Favorite Prescription. It cures a nausea, tranquilizes the nerves, gives a healthy appetite and promotes restful sleep. It makes the baby's advent practically painless, and gives the mother abundant strength to nurse her child. Accept no substitute for "Favorite Prescription." There is nothing "just as good" for weak and sickly women. "Two years ago I was very sick and began taking your 'Favorite Prescription,'" writes Mrs. Ed. Hackett, of Chardon, Geauga Co., Ohio. "When my baby was born he weighed twelve pounds and a half. Have had good health ever since, and about three weeks ago, when weaning my baby, I contracted a heavy cold. Am taking your 'Golden Medical Discovery.' I am thankful that poor sufferers have such a grand chance to regain their health by using Dr. Pierce's medicines. It would take pages to tell the good it has done in our family, and in a great many more families under my observation. I thank you for your kind medical advice." Dr. Pierce's Medical Adviser in paper covers is sent free on receipt of 21 cents in one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

the State competition at Newark, where the distances run all the way from 200 yards up to 1000. The other regiments represented at the competition have facilities for practice at the longer ranges and are almost perfect shots. The local marksmen will now have a chance for better practice than they have ever had in Akron.

Editor S. A. Brown, of Bennettsville, S. C., was once immensely surprised. "Through long suffering from Dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters, which helped her at once, and, after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For indigestion, Loss of Appetite, Stomach and Liver troubles it's a positive, guaranteed cure. Only 50c at all drug stores.
